## NON WOVEN BAGS

Promotional Non-Woven Bags are made from 50-100 GSM recyclable non-woven polypropylene (PP) material to provide a cost-effective, recyclable alternative to plastic carrier bags and fabric bags. These eco-friendly, high weight carrying capacity, multi-use bags are a top choice for promotional packaging. The personal shopping bags have built-in loop design robust handles. Handles can be stitched or heat-sealed. A

With each use, your logo or brand will be advertised on the go. Non-woven bags can be laminated or unlined.
